Mr. O'Dell Oman
Price, Utah

Dear Mr. Oman:

You have a diverting dam installed in Beaver Creek whereby you are diverting the waters of Beaver Creek into Gordon Creek. You are hereby notified that this diversion is not permissible and that the waters of Beaver Creek belong to the Price River system and must be allowed to flow down Beaver Creek without interruption.

You are hereby notified to remove said dam and permit said waters to flow uninterrupted. I am sending a copy of this notification to the State Engineer of the State of Utah for his information and for his action in the event you do not comply with this notification.

Very truly yours,

Harvey Thomas

Price River Water Commissioner
